OUR SOLUTION?

A platform to relocate and reunite
refugee families.

rendezvous

A man with dark, curly hair is shown in a close-up, hugging a child who is wrapped in a shiny, gold thermal blanket. The man has his eyes closed and a gentle expression. They are on a pebbly beach with the ocean in the background. In the distance, a group of people, including children and adults, are gathered on the beach. Some are sitting on the ground, while others are standing. The scene is brightly lit, suggesting a sunny day. The overall atmosphere is one of relief and care.

Our primary goal is to reunite refugees with their lost families.

Our secondary goal is to educate others on the crisis, Syrian culture, and the people behind the numbers.

As well as provide advice for accepting a person into your home.

*Our aim is to develop this into
an easily accessible platform
that not only educates, but
helps those at the forefront of
the crisis.*
